NOTES:

1. In 1960, 1961 & 1962, the Armstrong 500 was conducted at Phillip Island; from 1963 the race was conducted at Mount Panorama, Bathurst, NSW.
2. Prior to 1967, there was no "winner", the event being conducted on a class basis, as several "races". Those noted are however generally accepted as having the fastest time.
3. In 1987 the event was a round of the FIA World Touring Car Championship. Provisional winners Soper and Dieudonne were excluded when their Ford Sierra RS 500 was determined to be ineligible.
4. In 1997 and 1998 there were two meetings conducted at Bathurst. Each meeting included a 1,000km event – one for Super Touring Cars and one for V8 Supercars.
5. The Bob Jane T-Marts Bathurst '99 meeting included a 500km event for Super Touring Cars.
